REQUEST FOR INTERVIEW

Should the Examiner feel that the claims should be amended to even more specifically define the inventive features discussed below, and in particular if the Examiner still considers Fig. 3 of the Davis patent to show a separate embodiment from Fig. 2 (as argued in the second complete paragraph on page 4 of the Official Action, despite Fig. 3 being a cross-section of Fig. 2), or if the Examiner considers Fig. 3 to show an LED 34 that is integrated with rather than separated from sensor chip 16, the Examiner is requested to grant a personal interview before issuing a final rejection of the application.
